Welcome Message

Adejoké Babington-Ashaye
Founder, Konseye: The Mentorship Network

Hello everyone! On behalf of myself, the Summit Planning Committee, and all who were instrumental in making this event a reality, it is my great pleasure to welcome you to the Konseye Career Impact Summit. Whether you're joining from Lagos, London, Bridgetown, Nairobi, New York, or Manila, I want you to pause for a moment and recognize something powerful: by being here, you've chosen to invest in yourself. You've declared that your growth matters. So congratulations to you.

At Konseye, we believe that with the right network, anything is possible. This Summit is designed to give you the tools, connections, and inspiration to help you grow with purpose, lead with vision, and create lasting impact. Over the next two days, you'll hear from leaders and innovators who have built meaningful and purpose-driven careers not just through their successes, but through their resilience, lessons, and strategies to grow from failure. As you listen and learn, I encourage you to show up fully.

The greatest value of this experience lies not only in what you hear, but in how you engage.

So here are a few ways to make the most of these two days:

First: Be present. Join live whenever you can. Engage in the chat, ask questions, and connect in real time. Opportunities are born from connection, not from passive listening.

Second: Treat this space professionally. Imagine walking into a global conference hall. That's exactly what this is, just virtual. We've chosen an interactive format so that you can share your voice and perspective.

Third: Network intentionally. The chat is your networking tool. Introduce yourself, share your LinkedIn, and celebrate others' insights. After sessions, reach out to speakers and attendees whose stories resonate with you. A simple, sincere message can spark mentorship, collaboration, a job opportunity, or even friendship.

And to our Career Accelerator ticket holders - maximize your bonus features: your digital toolkit, mentor office hours, and personalized CV review. These are practical tools to help you translate learning into action.

For everyone, don't let the inspiration from the Summit fade into "maybe someday." Reflect on what you've heard and ask yourself: *What will I do differently because of what I heard at the Summit?* Growth only happens when insight becomes action. So let's take action.

To our amazing speakers, our partners and especially our Bronze Sponsor, Dr. Shingi Masanzu, thank you for believing in the vision for the Summit. And to you, our participants, thank you for believing in yourself.

Welcome to the Konseye Career Impact Summit 2025.

Let's begin.
